

We want to make COLONSAY litter free.

Can you help the amazing band of people who have already devoted a great deal of time & energy to this plan?

Plastic bottles, ODD gloves, carrier bags, ODD shoes, endless tangled rope, ODD flip flops, aluminium cans, ODD orange wellies, broken bottles, ODD wheels, fishing buoys.....all this STUFF appears on our beaches & shores.....

Come along to our organised weekly collecting sessions and help continue the good work.

We would love to get around all the beaches & coastline by the end of the summer. Huge & satisfying progress can be made in a relatively short time with a band of merry collectors.....

Sessions will normally be held on Saturdays, but see notice boards for the details of when & where to meet each week.

If you can't make it, or would prefer to go it alone, bags can be supplied, and collected rubbish uplifted from the nearest accessible place - just contact Kevin Byrne to arrange both. 01951 200320

Could Colonsay become the 1st Hebridean Island to be litter free???? Be part of our success.....
